

Real food. Made today.

Makanan sebenar. Disediakan hari ini.

foodplus is a Malaysian family of ready-to-eat food brands — salads, rice meals, pasta, wraps and dosirak — made in our own kitchen and built for the chiller and the freezer. A family of brands, each with its own character, all keeping one promise: real food, done well, ready when you need it. We treat a salad and a nasi lemak with the same respect, and we deliver, merchandise and stand behind every pack ourselves.
